

GLOBAL MX3

Global MX3 3-Wheel Sweeper Sets The New Benchmark

► **Toughest 3-Wheel Sweeper In The Industry**

The **Global MX3** is purpose-built designed with reliability, safety, low maintenance, ease of use, and the lowest operating cost per swept mile.

The **Global MX3** offers many enhanced features not found on most 3-wheel sweepers. An amazing 12 1/2-foot turning radius, low center of gravity, exceptional visibility, and dual front wheel design provide the best in overall operator driveability. A large capacity hopper and exceptional in-cab controls make the **Global MX3** a great choice for cities requiring simplicity, power, and performance.

- Purpose-built designed with reliability, safety and ease of use.
- 12.5' turning radius offers exceptional maneuverability.
- Low center of gravity eliminates chance of a rollover as with competitive three wheel sweepers.
- Features an overthrow system which helps collect even more debris than the competition.
- Integrated weather-resistant systems locker for easy access to key systems components.
- Single engine design, with speeds up to 25 MPH.
- Optional PM-10 water system improves air quality.
- Safe design with high visibility and fingertip controls.
- High-Dump 5.6 cu/yd hopper.

► The **Global M3** is designed to make routine maintenance easy, so your sweeper spends more time on the street and less time in the garage.

Two swing-out center body panels provide unrestricted access for elevator adjustment, maintenance and daily cleaning. The **Global MX3** keeps your costs and downtime to an absolute minimum.

► **Built For Easy Access**

The **Global MX3**'s swing-out radiator and oil cooler, together with its raised hopper, provide easy "stand-up" access to the entire engine, transmission, hydraulic systems and lubrication points. Routine maintenance work can be completed quicker and more easily than ever before.

Global MX3 Standard Equipment

- All-Wheel Suspension Stainless
- Hopper Liner (Lifetime Warranty)
- Dual In-Cab Gutterbroom Tilt
- High-Performance Sweep Pack
- AM/FM/CD/MP3 Player
- Air-Ride Seat

Reliable • Affordable • Innovative

PERFORMANCE

- The **Global MX3** has unsurpassed pick-up ability across its full 125" sweeping path, even when faced with the heaviest workloads.
- The performance matched equal-width pick-up broom and elevator system eliminates choke points and improves sweep speeds.
- In-cab gutterbroom down pressure controls combined with a self-adjusting pickup broom give superior sweeping ability.
- The large 5.6 cubic yard hopper has a ribbed design which eliminates rust traps and is mid-mounted for balanced weight distribution and superior loading characteristics.

ENGINE

- Powered by a fuel-efficient Tier 3/IT4 4-cylinder, turbocharged 115-horsepower John Deere diesel engine, (largest in its class) delivers outstanding performance and reliability.
- Low-maintenance drive system with twin wheel motor design reaches road speeds of up to 25 mph and handles steep grades up to 21 degrees. No need to ride the brakes to creep along for heavy sweeping. Operator has smooth control at all speeds.

HOPPER

- 5.6 cu/yd versus 3.5 cu/yd for competitive machines, increases curb miles swept between dump cycles.
- **Standard** stainless steel front aperture and floor along with Full Hopper Liner (covered by a Lifetime Warranty) ensures the lowest Cost of Ownership with a greater re-sale value.
- The extra large hopper can be discharged into roll-off containers or dump trucks with heights up to 9' 6".
- Dumping the large 12,000 lb payload is effortless and accomplished from the cab for increased operator safety and efficiency.

BALANCED SWEEPING SYSTEM

- The 58-inches wide debris conveyor system features an overthrow design that helps to collect even more debris.
- The 125-inch sweeping path offers unsurpassed pick-up ability even when handling the heaviest of workloads.
- Performance matched equal-width pickup broom and dirt conveying system delivers faster loading and sweeping speeds.
- In-cab adjustment of dirt conveyor aperture allows pick up of leaves and bulkier materials.

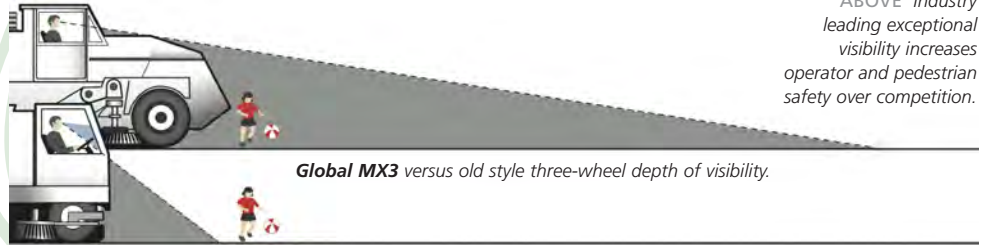

RIGHT *Rearview camera with In-Cab 7" LCD Monitor is standard on every Global Street Sweeper.*

EXCEPTIONAL VISIBILITY

ABOVE *Industry leading exceptional visibility increases operator and pedestrian safety over competition.*

Global MX3 versus old style three-wheel depth of visibility.

BELOW *Elevator Type: optional 11 Flight squeegee with replaceable corded rubber tips; Continuous molded rubber belts combined with optional triple pump option (below) makes **Global MX3** ideal choice for sweeping heavy debris such as road millings, sand and gravel up to 3-tons per-minute. **That's one ton of sand every twenty seconds!** Standard leaf gate system assists in picking up large debris, bottles, large branchers and leaves.*

GLOBAL MX3 IS ALL ABOUT COMFORT AND VALUE!

MX3 Standard Equipment: Radio/CD/MP3, In - Cab Right and Left Gutter broom Tilt, Heavy Sweep Package (11 flights & Triple Pump), Full Suspension, Air Ride Seat and Hopper Liner (covered by Lifetime Warranty).

OUTSTANDING AGILITY

- With front-wheel steering, the **Global MX3** handles like a car, moving in, out and around parked vehicles with ease and agility.
- The **Global MX3** has low center of gravity and front-wheel design provides greater stability than rear steer 3 Wheel sweepers that have been prone to roll-over accidents.

EXCEPTIONAL VISIBILITY

- Increases operator and pedestrian safety.
- The **Global MX3** offers the best operator visibility of any three wheel street sweeper on the market.
- Front-and-center cab location provides an unobstructed view of the street, curb and gutter brooms at all times.
- Maximum visibility means increased sweeping efficiency, better operator effectiveness and faster, safer sweeping performance.

COMFORT & CONVENIENCE

- Inside the **Global MX3**, the operator is afforded every comfort and convenience to reduce fatigue and increase productivity.
- An ergonomically designed instrument panel and suspension seat provide superior ride comfort, resulting in reduced operator fatigue.

- The forward/center mounted cab, offers over 3,800 square inches of tinted safety glass, providing the operator superior visibility.
- Fingertip controls activate climate zone features such as heater, defroster and air conditioning.
- Parabolic mirrors and side window defrosters make it easy for the operator to monitor the gutterbrooms in any weather.
- Plush interior is finished with sound absorbing upholstery and door trim keeping the operator comfortable and alert.
