Fittings & Accessories for Piranha Hoses

End fittings and menders for thermoplastic hose are not interchangeable. It is essential that hose, end fittings, menders and tooling are properly matched. Identification of Piranha Hose Products is simple. The inner tube of all Piranha sewer cleaning hose is yellow, as assigned by WASTE (Waste Equipment Technology Association) to the manufacturer's identification code. To assure proper matching of all components, the hose tube material, end fittings, menders and tooling should be purchased directly from Piranha Hose Products, Inc.
